# THE "CARDINAL" '75

## Hayes Center Public Schools

### Hayes Center, Nebraska

As you look through the following pages the annual staff hopes that they have succeeded in capturing the greatest moments in the 1974-75 school year.

We hope that this book will become one of your treasured possessions and that it will bring back many memories to you in the future.

It has been indeed an honor to compile this yearbook for YOU and we sincerely hope that you will look back and remember 1974-1975 as one of the best years that you spent at Hayes Center Public Schools.

An annual serves as a record of past accomplishments. It

The Cardinal Staff of '75

will provide memories of the activities and organizations which are a part of your education.

You cannot, however, picture in an annual the values you have learned or the learning which you have achieved.

Leadership, capable of bringing calmness to the chaos of world unrest, must come from you. These leaders must know the importance of true values, which cannot be pictured in an annual, but must be reflected from your future success. Best wishes to all.

Brown L. Sevier  
Superintendent

*We the 1975 Annual Staff  
Dedicate This Annual to a Friend  
and Fellow Classmate Bev Soncksen*

"I'll lend you for a little while  
A Child of Mine," he said,  
"For you to love her while she lives and  
Mourn for when she's dead.  
It may be six or seven years,  
Or twenty-two or three,  
But will you, till I call her back  
Take care of her for Me?  
She'll bring charms to gladden you,  
And shall her stay be brief,  
You will have her memories as  
Solace for your grief.

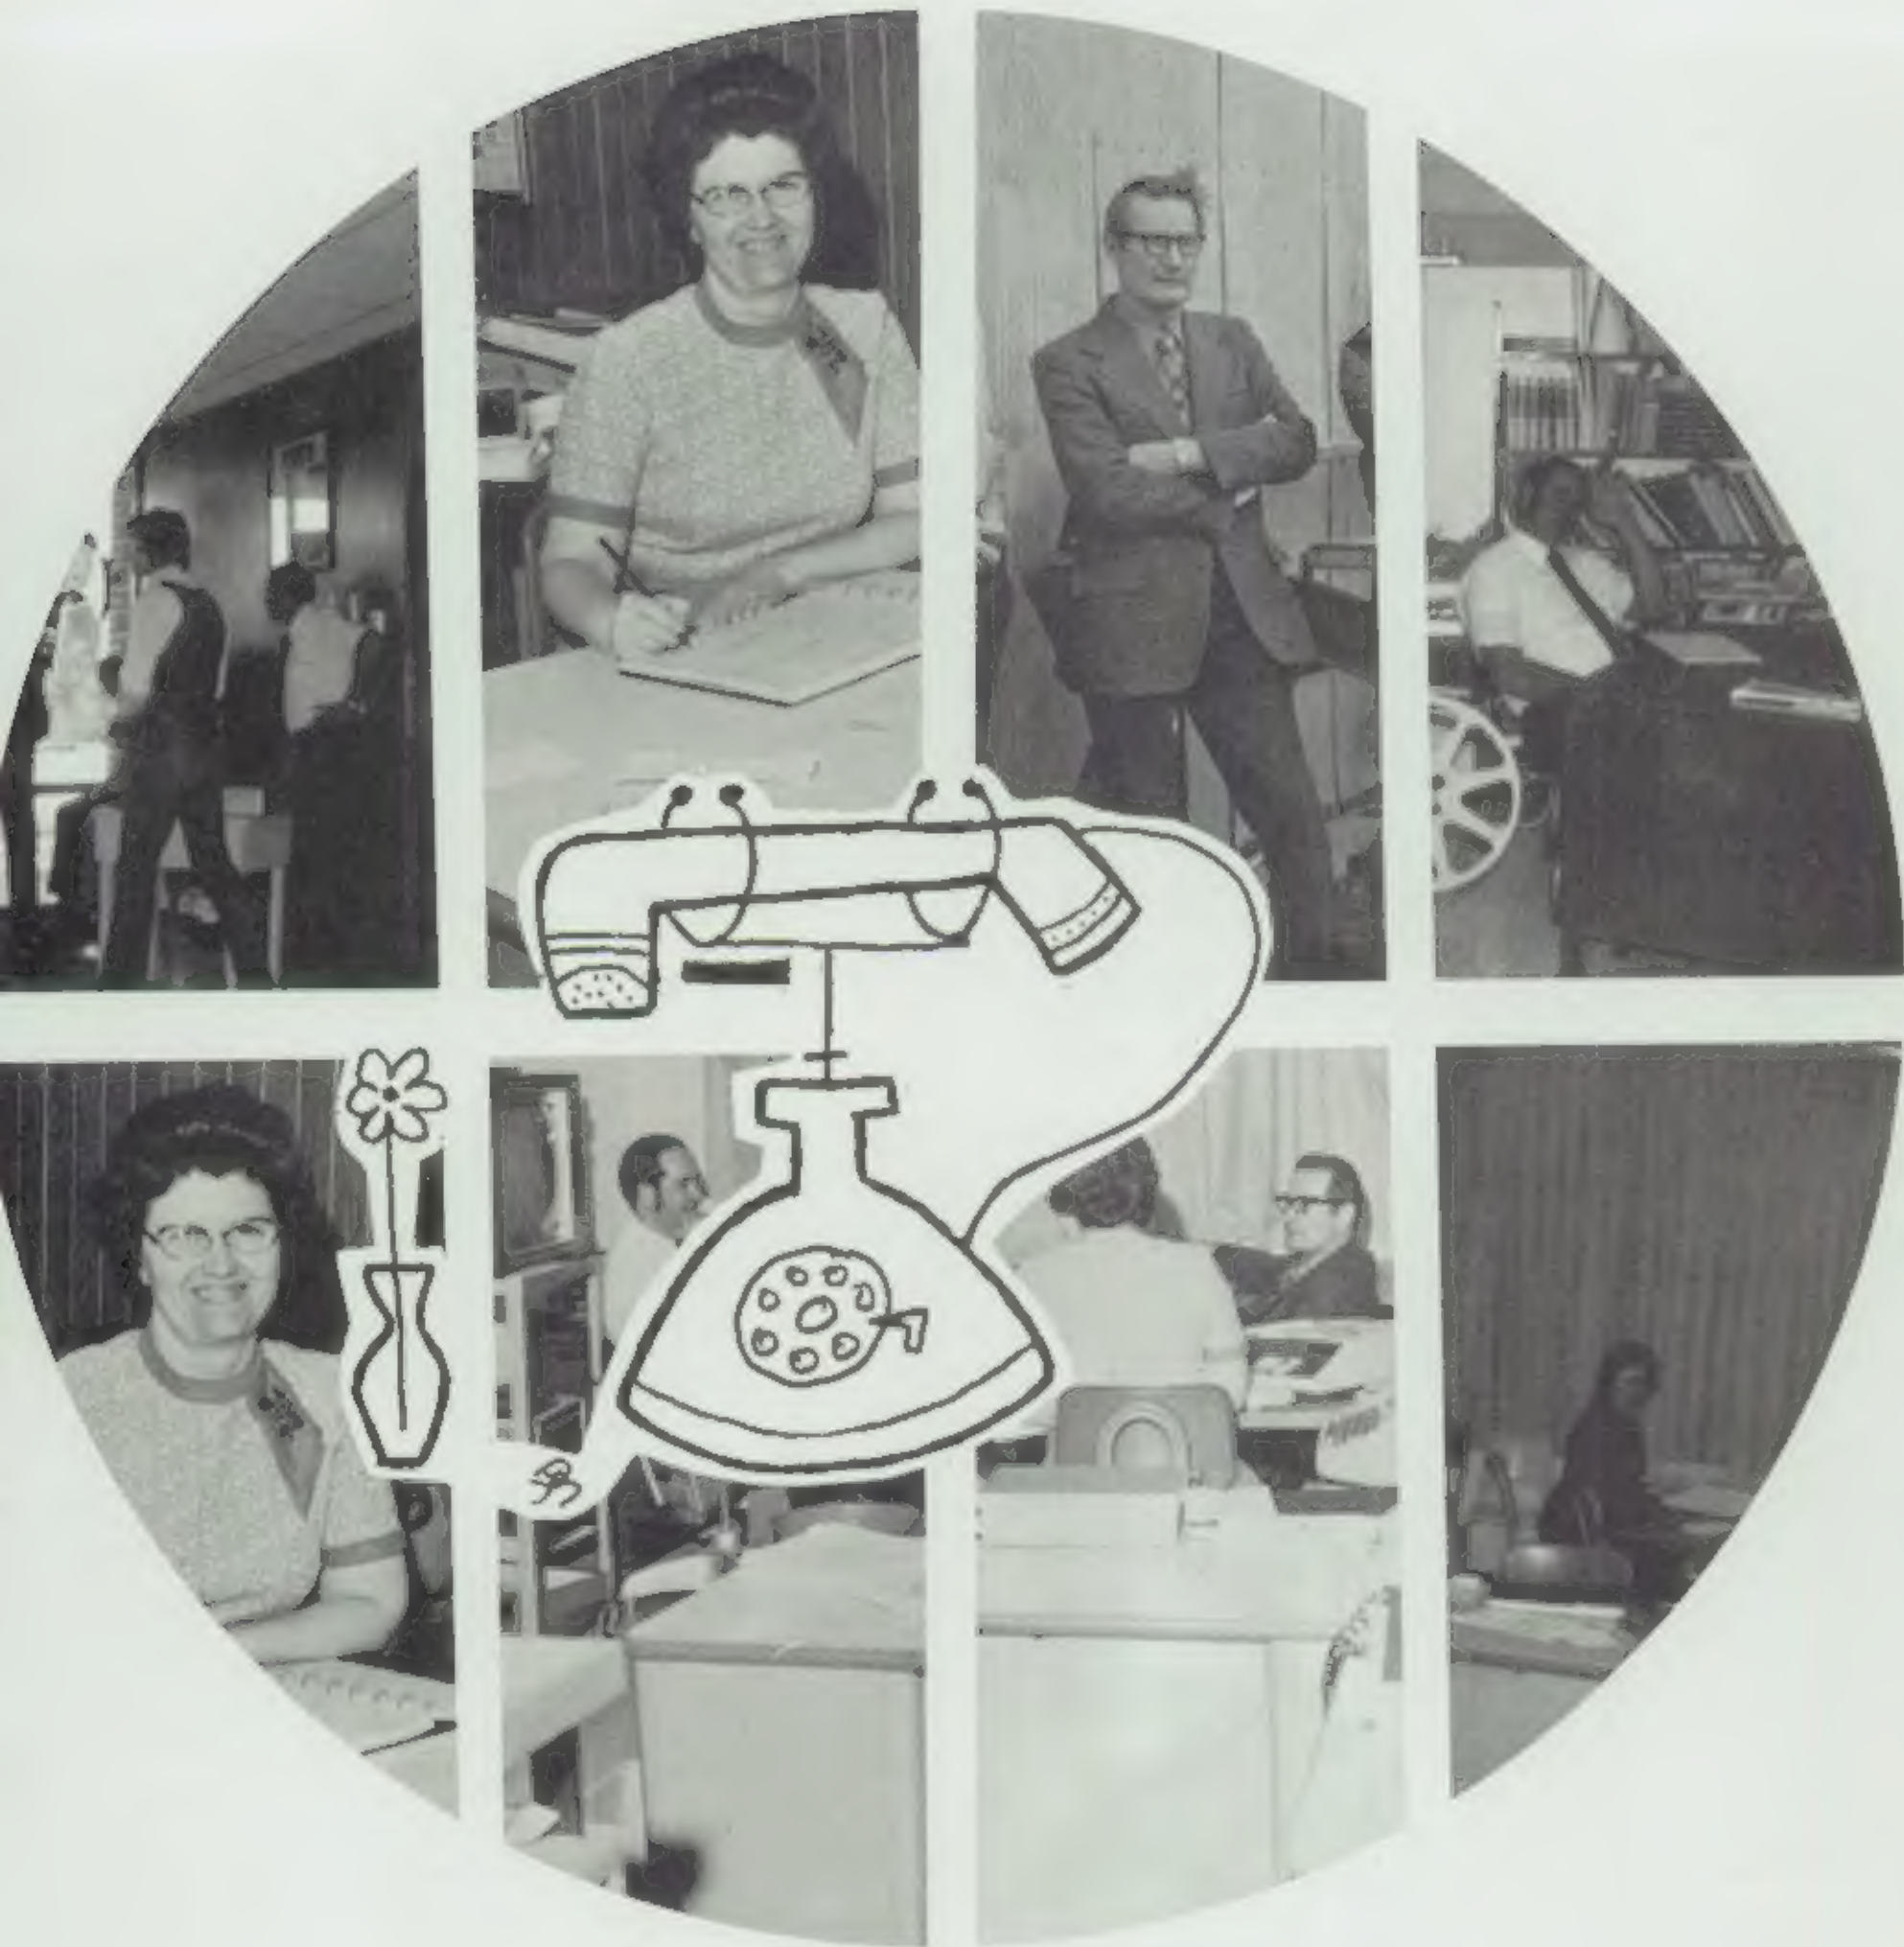

I cannot promise she will stay,  
Since all from earth return,  
But there are lessons taught down there  
I want this child to learn.  
I've looked the wide world over in  
My search for teacher true,  
And from the throngs that crowd life's lanes,  
I have selected you.  
Now, will you give her all your love,  
Not think the labor vain,  
Nor hate Me, when I come to call  
To take her back again?

The parents, then, were heard to say,  
"Dear Lord, Thy will be done,  
For all the joy the child shall bring,  
The risk of grief we'll run.  
We'll shelter her with tenderness,  
We'll love her while we may,  
And for the happiness we've known,  
Forever grateful stay  
But shall the angels call her, Much sooner than we've planned,  
We'll brave the bitter grief that comes,  
And try to UNDERSTAND."

## New Administrators Take Over

Mr. Sevier, Superintendent

Mr. Rozell, Principal

### To the Class of 1975:

I am very happy to have this opportunity to congratulate you, the members of the graduating class of Hayes Center High School, on the successful completion of your work here. If we have done the task properly, you will know what you have learned in the classroom and in our school community is only the beginning of a process of growth which will continue for the rest of your lives. We hope that your years in the Hayes Center Schools have opened new vistas of understanding to you, and that you will depart with a better knowledge of yourself, and other human beings, and of the world in which you live. That you will have developed new and stronger inner spiritual resources to guide and nourish you in the years ahead.

We hope that you have grown in wisdom and that what you have learned here will enable you to serve your school, your country, and your fellow man. Best wishes to each and everyone of you in the years to come.

Brown L. Sevier  
Supt.

Doris Vlasin, Secretary

Mr. Sevier was Superintendent at Hayes Center during the 1963 school year, and stayed two years. After Mr. Sevier left Hayes Center, he was superintendent at Gordon and Benkleman Nebraska school. The new addition in the High School was brought up before the school board, while Mr. Sevier was here, but was not passed by the town voters. When Mr. Sevier returned the 1974-75 school term, he was welcomed with a new addition with many fine facilities. This is Mr. Rozell's first year at Hayes Center as principal. He also teaches World History. Doris Vlasin has been a faithful secretary for the past two years. She spends her time on bookkeeping and the students needs.

The Cardinal football team, under the direction of Head Coach Charles Sukvary and Assistant Coach Mike Loose, had a 5 win and 4 loss record for the entire season and a 2 win and 4 loss record in the Large School Division of the Southern Frontier Conference.

One of the reasons for the success of the team was the 1 returning lettermen consisting of 7 seniors, 7 juniors, and 7 sophomores. A few more senior additions to the team helped the offense and defense greatly.

The offensive department was led by Casey Nelms and Mick Cox with 760 rushing yards and 620 rushing yards respectively. The offense in each game ground out on the average 197 yards rushing and 95 yards passing for a total of 292 total yards per game.

The defensive game was led by Earl McNutt, Rick Yonkers, Kenny Messersmith, and DeWayne Gohl with season total tackles of 81, 67, 64, and 52 tackles respectively. The defense many times over the season picked off passes and recovered fumbles that helped the offense greatly.

The Cardinal reserve team, under the direction of Coach Mike Loose, gave everybody something to look forward to next year. They were undefeated and tied only once. The season for the reserves was highlighted by a victory over the undefeated Wheatland reserves 22-20, which also broke a Wheatland reserve winning streak.

The whole season was topped off when 5 members of the football team were chosen to receive S.F.C. All-Conference and Honorable Mention awards. The following were recipients of the awards: Rick Yonkers - All-Conference Defensive Guard and Honorable Mention Center; DeWayne Gohl - Honorable Mention Defensive Back; Casey Nelms - Honorable Mention Defensive Back; Chuck Sukvary - Honorable Mention Quarterback and Punter; Earl McNutt - Honorable Mention Defensive Back also.

Some of the songs that these groups sang were "Turn Around," "Both Sides Now," and numbers from "Fiddler on the Roof." These groups participated in district contests as well as singing on other occasions, such as the Annual Coop Banquet. This is the second year that we have had a Swing Choir, many students tried out for this select group but only the best singers were chosen. On the day of try-outs the students interested tried out one at a time by singing a song a cappella for the instructor, Mr. Fiedler and he chose the students by their performance and ability.

Previously Mr. Hastings taught the 6th, 7th and 8th at Harlan, Neb. In the past, he taught 5th and 6th Science. Mr. Hastings commented that

Linda has spent two years as Secretary here in Hayes Center. She lives nine miles west of Hayes Center on a farm with her husband and two children. Her job consists of being a mother, nurse and secretary.

The Hayes Center School Board previously had a grade school and high school board separate. Mr. Beard has worked as janitor for the Hayes Center School system for seven years now. At times Mrs. Beard has had to come and assist with the work as Mr. Beard has had several operations since his time here. The Hayes Center School system has the opportunity to have a hot lunch program with Mrs. Leona Lawson as head cook. Mrs. Lawson has been head cook for the past six years. The cooking staff must be at the school early in the morning to prepare the meal for the Kindergarten through twelve system. They must prepare a meal within a budget of thirty-five cents for the grade school, forty-five for the high school and fifty-five for the teachers and adults.

The Elementary School at Hayes Center has undertaken many new and different innovations in the last year to improve the **general level of education of the student body.**

The school has purchased a new video tape machine so the teachers can tape educational shows that are provided through the educational television network. The video tape machine has been used more this year in the classrooms than in any **previous year.**

Speech is another new class that the grade school has taught. This class takes the place of the Business Education that was taught to the **seventh and eighth** grades last year. Also, another new dimension in math has been introduced: the metric system. The metric system has been taught to a majority of the classes along with the regular type of math.

The basic purpose of grade school athletics is to teach the basic fundamentals of a sport. The members of the 1974 Cardchick football team learned to run, block, and tackle properly. They also learn the basic fundamentals of their position that they play. The basketball team learned the basics of basketball like passing, rebounding and shooting. Above all they are taught good sportsmanship and to play together as a unit.
